PROJECTS

NEXUS GAMING

https://nexusgaming.netlify.app/

Nexus is an E-sports platform for aprticipating in mobile gaming tournaments and events

AIR BNB MULTI-PAGE WEBSITE

wwww.homelanderbnb.netlify.app

Home Lander is a multi-page website that lets property owners rent out their spaces to travelers looking for a place to stay.

SHORTLINKED

www.shortlinked.netlify.app

URL Shortener that simplifies long links into short, easy-to-share URLs. it's perfect for anyone looking to tidy up their online presence, from social media marketers to bloggers.

COUNTER APP

www.count-el.netlify.app

For this JavaScript project, I created a simple counter application. The user is able to increment the counter by clicking on the corresponding buttons on the page. The counter value is displayed in real-time, and the user is also able to save the count by clicking the save button.

EDUCATION

- Self-taught through online resources and personal projects
- Completed various online tutorials and projects to improve my front-end development skills.
- Participated in online coding challenges and hackathons to enhance my problem-solving abilities.
- Built personal projects that range from static landing pages us multi-page websites using different front end tools and frameworks
